§ 922.110 Boundary

The Cordell Bank National Marine Sanctuary (Sanctuary) consists of a 397.05 square nautical mile (NM) area of marine waters approximately 50 miles west-northwest of San Francisco, California extending at 180° from the northernmost boundary of the Gulf of the Farallones National Marine Sanctuary (GFNMS) to the 1,000 fathom isobath northwest of the Bank, then south along this isobath to the GFNMS boundary and back to the northwest along this boundary to the beginning point. The boundary coordinates are listed in appendix A to this subpart.

§ 922.111 Prohibited or otherwise regulated activities.

Additional DOD activities initiated after the effective date of designation that are necessary for national defense will be exempted by the Director after consultation between the Department of Commerce and DOD. DOD activities not necessary for national defense, such as routine exercises and vessel operations, are subject to all prohibitions contained in the regulations in this subpart.

(c) Where necessary to prevent immediate, serious, and irreversible damage to a Sanctuary resource, any activity may be regulated within the limits of the Act on an emergency basis for no more than 120 days.
